

GRAND VIN DE
Hauteville

*"Delicata's Grand Vin de Hauteville selection
is praised by world-renowned wine critics.
The wines have amassed 31 prestigious awards."*

WINEMAKER'S MEMO

Top Champagne producers do it and high-end Cabernet makers use it for their single vineyard reserve wines. They utilise press cuts to make higher quality wines. This classy Viognier, too, has laser focus, showcasing high varietal character and body thanks to a high percentage of press wine added to the free run juice.

FLAVOUR PROFILE

The wine startles the nose. Aromas of honeysuckle, lily and white blossom as well as delicate flavours of green melon and pear-fruit are very distinctive. A sweet pie crust scent, coming from the ageing on the fine lees, nicely marks the wine which opens up in the glass and delights with subtle hints of mango, anise and lychee.
